Akvatorya
Shosse Revolucii, 69, Building 6, Lit. A
Saint Petersburg, 195279
Russian Federation

December 30, 2020

To whom it may concern –

This letter is to confirm that Akvatorya is in the process of certifying the Aragon BIO and Fe (Catalon) filtration cartridges for material safety and structural requirements in accordance with NSF/ANSI 42. Both cartridges have passed the relevant extraction and structural integrity testing required to complete the certification.

Regards,

A handwritten signature in black ink, appearing to read "Ryan Prince". The signature is fluid and cursive, with a horizontal line underneath the main body of the name.

Ryan Prince
Director of Product Certification – Water Systems
